Sealing Iron

The lightest dry iron you can find!

This lightweight corded dry iron has been specially designed to suit your pharmacy's sealing needs. Lighter than your standard consumer-grade iron, it weighs under 1kg.

Product Code: 320

Pil-Kot™ Finger Cots

Avoid contaminating medication as you pack!

Like gloves for your fingertips. Conveniently and hygienically handle medications without the discomfort of full gloves.

Product Codes: 951, 954, 955

Poppitt - Deblistering Tool

Quickly and easily deblister large quantities of medication

The Poppitt is a tablet deblistering tool that helps you remove pills from manufacturers original blister cavities. No set up required when changing between medications. Easy to clean and fits on your benchtop.

Product Code: 750

Sealing Mouse™

#1 cordless sealing iron, built for pharmacy

A cordless, light, ergonomic and compact sealing iron, specially designed to suit your pharmacy's needs. Heat-controlled to ensure a perfect seal.

Product Code:

795 - Blue

795-P - Pink

Pressure Handle

Makes sealing easy by applying pressure to foils and blisters

Use the Pressure Handle to apply even pressure to Low Temp Foil as it cools, giving you a perfect seal.

Labels

Highlight important details with trigger labels to improve medication safety

Start Here	Product code: 555	START HERE	Alerts users to the first blister to be used for the pack. Often packs start mid week and this is a good trigger to know where to commence.
Ceased	Product code: 396	CEASED	Reminds nursing staff that a patient's medication has been stopped by the doctor. Helps prevent medication misadventure.
Allergy	Product code: 444	ALLERGY	Informs nursing staff that this person has an allergy.
Eye Drop	Product code: 458	👁️ ➡️ 🧴	Alerts nursing staff that resident requires eye drops.
Generic Substitution	Product code: 452	GENERIC SUBSTITUTION	Highlights when a branded medication has been replaced by a generic substitute.

We have hundreds of labels to choose from, including **low vision labels** and **multi-lingual labels**. We can even custom make some for you. Contact us to find out more about our full range or request a custom design.

Tablet Counting Triangle

Count tablets in a glance!

A useful tool to easily count tablets without risk of contamination.

Product Code: 770

Ora-Dose Syringe and Closure

Accurately measure liquid doses including morphine!

This oral syringe and adaptor is ideal for measuring liquid doses. Comes with a resealable stopper as well as an extra cap for the syringe.

Product Code: 410

Packing Tweezers

Safely and easily pack or remove medications from blisters and bottles

Tweezers with a precision tip and silicone covering to prevent medications from slipping out of grip. Our Cytotoxic tweezers are labelled specifically for packing cytotoxic medications to reduce the risk of cross contamination.

General Packing Tweezers: 949

Cytotoxic Packing Tweezers: 294
