Quick 6

6 BIG IDEAS | 6 MINUTES

Webster-pak®
Peace of Mind with Medication®

---

1 — "Goodbye Owing Scripts. Hello RxMedChart!"

Your life is about to get a whole lot easier! **Webstercare's® RxMedChart™** minimises risk and increases efficiency by the printed display of a resident's entire, current medication profile on a clear and easy-to-read chart.

Legally recognised as a valid PBS prescription for a 4 month period, **you will virtually never chase prescriber orders again**. Scripts are available at the time of dispensing making it so much more efficient. And **everybody** loves the clarity of information… you will too!

↘ *Scan the QR code to listen to pharmacist Danielle talking about using RxMedChart in her pharmacy.*

↘ *To learn more ask our Customer Service Team.*

---

2 — Helping You, Help Your Aged Care Facilities with *Reporting*

The Royal Commission has recommended increased reporting requirements for aged care facilities, with a focus on polypharmacy, psychotropic drug usage and antimicrobial stewardship. Webstercare has been developing reporting in these focus areas for some time. The best news is, that we have made them all available to you, **FREE of charge**, and **easy to generate** from your **MMS®** and **MedSig®** software systems. *So you're already one step ahead!*

To offer these invaluable resources to your aged care facilities:
> from the main screen of your MMS
> go to Reports menu

↘ *Ask our Customer Service Team for assistance.*

---

3 — Grow Your Webster-pak Business with *MedsPro®*

YOUR CHOICE
Your hardware or ours!

Choose your own hardware options!
Pharmacies now have greater flexibility than ever. Set up MedsPro with your established hardware systems, or use ours. The **choice** is yours! **Why pharmacies love MedsPro, the most flexible, efficient 'packing solution' in pharmacy:** Time saving, faster packing rhythm; increased safety and efficiency; saves space; interactive; cost saving; and it's an instant asset tax write-off, so call us before 30 June.

↘ *Scan the QR code to learn more.*

---

4 — See You on the Sunny Gold Coast!

APP 2021 | 20-23 MAY

We can't wait to see you at the **Gold Coast APP Conference**. It will be one with a difference this year! Our exciting new innovations will certainly make a BIG difference: **electronic paperless prescribing, robots, the latest in reporting…** but our smiling faces are still the same. Don't miss this golden opportunity to visit Gerard and our team for your **FREE Business Growth Consultation** and discuss the exciting new ways you can access these great initiatives.

---

5 — The Suspense is Over… Dispense Integration is Here!

We're excited to announce **Webstercare MMS** and **MedsPro** now fully integrates with **FRED**, **Z Dispense** and **Dispense Works** software. Our users couldn't be happier with the many great benefits such as: time saving, seamless workflow, and faster turn-arounds. If you're using alternate dispensing software, don't despair… Integration has been so successful; we are announcing more partners in the coming months.

↘ *Scan the QR code to register your interest. Our team will be in touch to discuss an integration solution!*

---

6 — An Accessory You Can Count On!

BUY 2 GET 1 FREE!*

The Counting Triangle. Counts tablets of the same variety with ease. It makes updating the floats on our MedsPro shelves an absolute dream! Quickly and easily count medications that are stored in bottles, then wash or wipe clean in a flash.

↘ *Ask our Customer Service Team when you place your order.*

* Offer valid till 30/07/21.
