## 1 COMMUNITY PHARMACIES *Play a Crucial Role in Vaccinating Australia*

The Webstercare® team would like to make a special acknowledgment of all pharmacies across Australia who have kept your doors open during the COVID-19 pandemic to support the community, and to those of you who will now play a crucial role in vaccinating Australia. This month over 3,900 approved community pharmacies will be invited to join the COVID-19 Vaccination Program rollout. That's a great effort and we wish you all well in the coming months.

**Stay safe and take care.**
