Quick6

6 BIG IDEAS | 6 MINUTES

Webster-pak®
Peace of Mind with Medication®

---

1. MMS® Brand Override Feature
Making Light Work of Medication Brand Changes

Brand and generic medications change frequently in pharmacy. However this doesn't have to be all-consuming. **Webstercare®** have solutions to help you save time and make light work of medication brand changes. The brand override feature in **MMS** will allow you to bulk change your patient profiles instead of having to edit the medications manually one at a time.

↘ *Scan to watch how to save time using the MMS Override feature.*

---

2. MMS Safety Feature
Methotrexate Alerts ⚠️

Methotrexate is a Cytotoxic drug and 'high risk' medication. Serious toxicities and fatal outcomes can occur as a result of incorrect prescribing, dispensing or misinterpretation of instructions. A safety alert has been added to **MMS** when a cytotoxic medication, such as Methotrexate, is added to a patients profile. This is to assist you in ensuring safety when dealing with high risk medications and prompts a double check of the prescribed dose.

ALERT: Special considertions apply. Check with pharmamcist.

3. IDAA Funding Extension 31 Oct
For Patient Consent Claiming Issues

If you are registered to claim the new Indigenous Dose Administration Aids Program (IDAA) an extension has been announced for services that could not be claimed within standard timeframes due to issues gaining patient consent. **In these specific circumstances, claims for July or August can be submitted up to 31 October.**

If there were other exceptional circumstances that were outside your control, you can request a review of your claim under an 'Exceptional Circumstances' process. Email *support@ppaonline.com.au*

↘ *Scan the QR code if you plan to lodge a claim.*

---

4. Dispense Integration is Here!
Automatic Transfer of Script Data

Webstercare MMS and **MedsPro®** now fully integrates with **FRED Classic**, **Z Dispense** and **Dispense Works** software. This allows for automatic and seamless transfer of script data and dispense quantities.

Our users couldn't be happier with the benefits:

- *Time saving* • *Seamless workflow* • *Faster turn-arounds*

Stay tuned, we are announcing more partners soon!

↘ *Scan the QR code to register your interest. Our team will be in touch to discuss an integration solution!*

---

5. Possible Delivery Service Delays

The current COVID-19 climate may impact some of our contracted delivery services. **Webstercare** is working closely with our contracted delivery services to minimise delays where possible, however please be prepared for extended delivery timeframes. *We apologise for any delays and appreciate your understanding during this time.*

↘ *If we can be of any further assistance please contact us on 1300 626 739 or at customerservice@webstercare.com.au*
