1 MedsComm® Prescribe eNRM C Trial & Funding Updates...

Webstercare® have had some very significant advancements in our eNRM C solution MedsComm Prescribe – an end-to-end fully electronic signing and prescribing solution.

The government has announced an extension of the eNRM C trial, and proposed funding for residential aged care facilities (RACFs) to implement an eNRM C when they are approved. So make sure you are ready when RACFs begin to take advantage of this funding opportunity – and the new technology that is within your reach. We will keep you updated!

➤ **Don't miss this opportunity to get ahead. Contact us if you or your RACF is interested in fully electronic prescribing.**

2 RxMedChart™ - 80% Time Saver No More Repeats Repeats Repeats!

RxMedChart can save 80% of your time managing prescriptions.

No more repeats to print, no more 'marking off owings', no more 'return addressed' envelopes to doctors. These are just some of the reasons why it's Australia's leading medication chart. **RxMedChart is also the first step towards fully electronic prescribing.** Once you're up and running, **at no additional cost** you can seamlessly transition to MedsComm Prescribe, which is very close to conformance.

Make the move to RxMedChart now. Once Government offers funding to RACFs, you will already be half way there!

➤ **Contact our Special Projects Team for information and support.**

3 Grow With MedsPro® Peaked your Packing Potential?

MedsPro is an interactive and intuitive workflow solution, which magnifies your packing capability, regardless of whether you are using manual or automation capabilities. It improves your packing efficiency, increases safety, and saves your business cost, time and space. Plus it's so easy to integrate – choose your own established hardware systems or use ours.

➤ **Boost your productivity this Christmas, pack more with MedsPro. Contact us to tailor a solution for you now!**

➤ **Scan to view the MedsPro video, see how it works.**

4 MedsPro Dispense Integration Time Saving, Seamless, Simple

Webstercare MedsPro and MMS® now fully integrates with FRED, Z Dispense and Dispense Works software. It enables automatic transfer of script data and dispense quantities, ensures consistency and simplifies processes streamlining your workflow.

• Time saving • Seamless workflow • Faster turn-arounds

Stay tuned, we are announcing more partners soon!

➤ **Scan to register your interest. Our team will be in touch to discuss an integration solution!**

5 Reach out with 'Reports' A Vital Lifeline for your RACFs

Your aged care facilities have increased mandatory National Quality Indicator Program (NQIP) reporting requirements, and supporting them using the latest MMS update has never been more vital or more accessible. **Offer these invaluable resources to your facilities which you can generate in under a minute:**

> Log into MMS

> Go to 'Reports menu', select 'Data Reports'

> Select the appropriate NQIP Report

> Set the parameters, save to Excel, send to your RACF

➤ **For assistance refer to the Online Help Menu, under Reports, or contact our Software Services Team.**

6 Pack a Webster-pak Interim® The Holiday Hiatus Begins...

There's a buzz in the air and people are starting to plan regional travel once more. Make sure you introduce your customers to the perfect travel companion – the Webster-pak Interim. This little travel buddy is a disposable pack that organises four days of medication in a safe and handy cover. It's discreet and petite!

➤ **See how easy this is to pack. Contact us for a sample or scan for more information.**
