6 BIG IDEAS | 6 MINUTES

Webster-pak®
Peace of Mind with Medication®

↘ **Find out more:** Phone 1800 244 358 | Email info@webstercare.com.au

---

1. iCHECK – Free Feature in MMS™
Keeps medication packs in check

Did you know Webster-pak iCHECK™ is a free feature in your MMS software that helps you check medication packs with greater speed and accuracy? All you need to do is activate it!

- **It's so easy to use** and saves you so much time
- **Progress bar** ensures the full batch has been checked
- **Visual indicator** shows tablet locations in the pack
- **Alerts** if a profile has changed since the header card was printed
- **Missing pack reporting**

↘ *Scan to learn more.*

---

2. MedCare™ Freedom & Flexibility
Doctors prescribe from anywhere

MedCare's flexibility makes prescribing easy for your doctors, which in turn makes life easier for you.

MedCare enables your doctors to prescribe from any location with internet access, using a smart phone, tablet or PC login. This completely eliminates the need for phone orders and avoids delays in treatment, improving the care and wellbeing of our residents.

Your pharmacy will no longer need to complete chart audits or print paper charts for your facilities. It's a win-win!

↘ *Contact us to learn more about MedCare.*

---

3. Webster-pak® Interim
Short stays away… 4 day pack

The **Webster-pak Interim** is a 'must-have' for the holiday season. Ideal for taking on short breaks or residents staying with family. This handy travel pack organises four days of medication and accommodates standard dispense labels on the safety cover.

Order a small pack of x25, with pre-inserted blisters and a complimentary foam platen. It's quick & easy to assemble!

↘ *ORDER BEFORE XMAS Just call or email us!*

Order Code 705
BOX OF x25

---

4. PocketProfile™ Medicines List
A handy holiday companion

The most valuable gift you can give your customers this festive season. The **PocketProfile** contains an entire medication profile, doses, images of medications and your pharmacy details – all the information which can be difficult to remember when on holidays. Folding down to the size of a credit card, your customers can take this with them wherever they go. It provides reassurance and is an invaluable reference in cases of emergency.

It costs so little and is easy to print from MMS in a minute.

↘ *Give the gift of a PocketProfile. Call or email us!*

---

5. Medication Deliveries Log
Track your paks!

All versions of MMS allow you to scan your Webster-paks as they leave the pharmacy with the 'Medication Deliveries' feature.

Simply scan each Webster-pak with your dispensary barcode scanner to create a visible audit trail of what has left the pharmacy. This is a useful reference if packs are misplaced, which is especially helpful during the hectic holiday season!

↘ *Learn how to set up 'Medication Deliveries' online.*

Go to MMS Main Menu **>** Click Help **>** Scroll to **Online Help** *Search for* 'Medication Deliveries'

---

6. GET YOUR ORDERS IN EARLY
Beat the holiday rush!

Webstercare® will be closed on the public holidays and would like to ensure you have ample supplies for the busiest time of year.

The final order date to receive your supplies before Christmas is 13 December. Place your orders well in advance, keeping in mind how busy delivery services are across Australia.

↘ *Place your order today on 1800 244 358.*
